

What have we been learning in Early Years?

EXPLORING NUMBER

The learners have been exploring number through matching games, playdough activities and using the multilink cubes to measure and count with one to one correspondence.

MUSIC WITH MR LEWIS

The learners loved joining in with Mr Lewis during Tuesday's music session. There was lots of lovely singing and instrumental improvisation.

ROLE PLAY

The learners have been enjoying lots of open-ended role play this week. From cooking to pirate ships, there has been lots of great language development and imaginative play.

★ STARS OF THE WEEK ★

We are stars of the week for being so happy and adaptable when settling into our new school environment.

"Well done for communicating through gestures and simple English language/ your home language and making connections with adults and other learners in the class." Ms Anjali

EXPRESSIVE ARTS

Our Early Years learners have been getting creative and using their hands to explore a range of different textures colours and construction projects.

What have we been learning in Early Years?

PHYSICAL DEVELOPMENT

The learners have been continuing to explore a variety of different activities that help develop their control, coordination and finger strength. From outdoor ball games to more intricate indoor tasks that require thinking skills and problem solving- these activities help our learners to practise a range of skills in a creative and fun way.

EXPLORING BOOKS WITH MS BETH

The learners have been enjoying lots of stories with Ms. Beth this week. Through discussion and questioning of the story or the characters, our learners start to build their vocabulary and make connections with things that they have seen or experienced in real life.

NUMBERS

The learners have been using the different *small world* toys and trays to practise and consolidate their counting and their ordering of the numbers from 1-20 through play.

★ STAR OF THE WEEK ★

I am star of the week for using my thinking skills to come up with lots of fantastic creative ideas when building with the *small-world* toys and the blocks.

"Well done for using your imagination and building a fabulous park." Ms Anjali

WRITING

Some of our Early Years learners have been learning how to write their name with Ms Anjali. They have been practising how to sit at the table and use the correct tripod grip for holding a pencil.
