

What have we been learning in MP1?

★ STAR OF THE WEEK ★

I am star of the week for having such a positive attitude towards my learning.

"I have been especially proud of how you work hard to independently apply your phonic knowledge to attempt words and sentences. Well done!" Ms Lily

I am star of the week for consistently trying my hardest in each lesson and showing a wonderful learning attitude.

WELLBEING

In Year 2 Learners thought about their responsibilities as members of different groups: family, clubs, and school.

COMING UP...

Monday 6th October- Trip to Farm to Table (Y1)

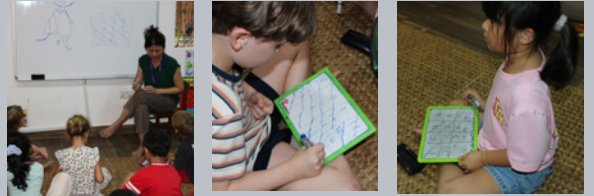

Tuesday 7th October- Trip to Farm to Table (Y2)

Wednesday 8th October- Family Coffee Morning (Wellbeing)

Thursday 16th October - Family Learning Day

KHMER

In Khmer, Year 2 learners have been focusing on learning how to say numbers through counting activities, games and interactive practice.

LEARNING JOURNEY

MP1 are learning how to plan and design a product in their Design and Technology learning. They have been designing pizzas ready for their trip next week and were able to add labels to their diagrams to identify their ingredients.

PE

Year 2 started the new unit of 'Challenging Ourselves' We started off the unit by learning to catch and throw balls of different sizes and at varying distances.

LITERACY

In Year 1 learners have been learning how to describe the setting of our text, 'The Little Red Hen'. They learned to write simple sentences, which included adjectives, as well as paint and label the farm setting. Each team also took turns retelling the story using the small-world story props.

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.

What have we been learning in MP1?

★ STAR OF THE WEEK ★

I am star of the week for working cooperatively with my team in literacy, I shared ideas and worked independently to write words using my phonic knowledge.

"It's wonderful to see what a confident learner you have become." Ms Lily

I am star of the week for always showing resilience and focusing on my learning.

"You're trying your best and making great progress!" Mr Luke

SWIMMING

Learners in Year 1 worked on their starfish floats and have been trying to kick their legs whilst on their back. They also practised kicking with a board.

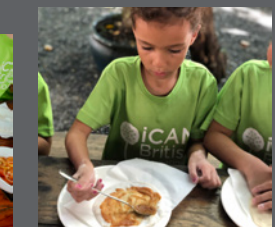

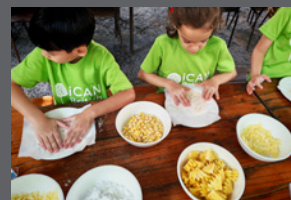

COMING UP...

Thursday 16th October - Family Learning Day

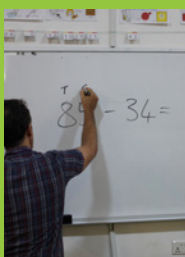

TRIP TO FARM TO TABLE

MP1 took a trip to Farm to Table as part of their Design, Technology and Innovation learning. Before the visit, they designed their pizzas, choosing and labelling their toppings. During the trip, they got to make their yummy pizzas! Finally, they designed the packaging.

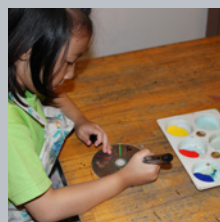

MATHS

In Year 2, learners have been building a two-digit number using tens and unit blocks. Next they subtracted by first removing ones, regrouping a ten into ten units if needed, and finally taking away the tens.

ART

Year 1 learners have been exploring colour mixing in a creative way. Using upcycled CDs as their canvas, they investigated how primary colours can be combined to make new secondary colours.

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.

What have we been learning in MP1?

★ STAR OF THE WEEK ★

I am star of the week for being a great enquirer in history and sharing all my ideas and knowledge when learning about hunter-gatherers.

"Well done!" Ms Lily

I am star of the week for being such a creative communicator, sharing incredible ideas and using a fantastic vocabulary in writing.

"What a super star" Mr Luke

PE

In PE, Year 2 learners set themselves fun challenges using their throwing skills. They arranged the play space to throw beanbags into hoops, then played an exciting game where they used smaller balls to try and knock a large ball into the opponents' area!

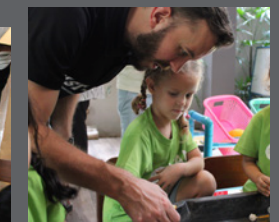

COMING UP...

Tuesday 28th October - Learners go home at 11.05am
Wednesday 29th October - Family Coffee Morning- Maths

FAMILY LEARNING DAY

What a special day it was having our wonderful families join us for the day. The learners loved having you join in their lessons and we hope you had fun learning with us.

MUSIC

In Year 1 the learners have been using the Boomwhackers with Mr Lewis to navigate keeping a steady beat.

LITERACY

The Year 2 learners have been reading 'A Mouse Called Julian'. They have enjoyed exploring the story and discussing how the different characters might be feeling throughout the book. This helped them to think more deeply about emotions and how an author shows what a character is experiencing.

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.
