

What have we been learning in MP3?

★ STAR OF THE WEEK ★

I am star of the week for continuing to show enthusiasm for my learning and demonstrating risk taking since the beginning of Y5. I have also maintained a resilient and respectful attitude as I faced challenges.

"Well done and keep going!"
Ms Becky

I am star of the week for showing such wonderful independence and enthusiasm for my learning this year.

"It has been amazing to see you shine and work hard. Well done, you star!"
Ms Abbey

ART

Year 6 have been exploring the deliciously colourful world of artist Wayne Thiebaud. Inspired by his famous cake paintings, pupils planned their own designs before bringing them to life with vibrant oil pastels.

COMING UP...

Wednesday 8th October- Family coffee morning
(Wellbeing)

Thursday 16th October - Family Learning Day

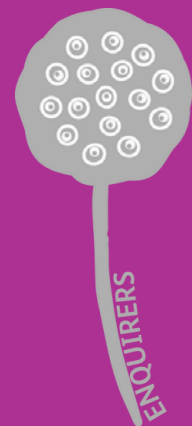

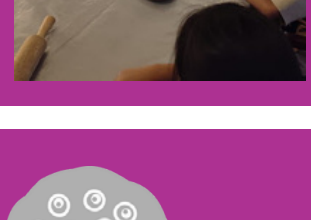

EXIT POINT

MP3 celebrated the end of their unit, Bake it, by inviting families and learners to trial their specially designed bread. The learners brought together their science and DT learning to design and make different breads. Alongside this, teams learnt about sustainability and the importance of access to food.

TRIP TO 4P'S

MP3 were able to extend their learning beyond the classroom with a trip to Pizza 4Ps where they took part in a pizza making workshop and learnt about their important sustainability targets. The learners had great fun and this helped them to further prepare for their Exit Point this week.

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.

What have we been learning in MP3?

★ STAR OF THE WEEK ★

I am star of the week for improving my maths and literacy with resilience. I have also listened to the iCAN Big Write feedback and can now see where my mistakes can be improved.

"Keep going! Well done" Ms Becky

I am star of the week for bringing a lot of joy and laughter to our classroom! I have a wonderful energy and I use that focus to work hard and show resilience in my learning.

"Well done for never giving up, supporting others and making everyone smile." Ms Abbey

PE

Year 5 have been learning about teamwork, throwing and catching the ball under pressure. They did this by playing a zig-zag passing game that led to an objective based attack and a defense game where learners had to work together to knock over the opposing teams cones by moving into space to be available to catch the ball.

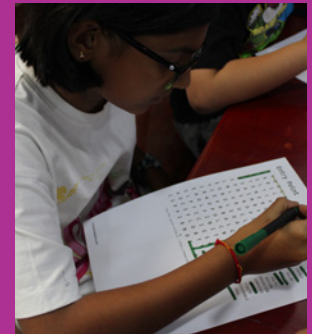

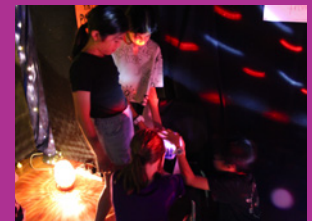

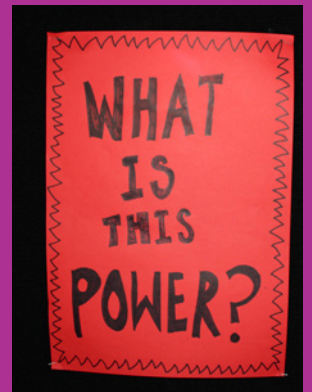

COMING UP...

Thursday 16th October - Family Learning Day

ENTRY POINT

MP3 entered the Black-out Box on Monday afternoon for an electrifying experience! This amazing activity was to create curiosity for their new unit, *Full Power!* Where learners will consolidate their understanding of light and electricity.

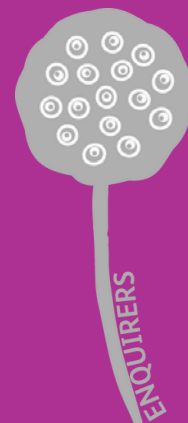

LITERACY

Year 6 watched the short mystery film 'Road's End'. They discussed The Stranger, who he might be, and how they can use interesting vocabulary to write this story.

MATHS

Year 5 have been learning about cube numbers. A cube number is multiplied by itself three times. Learners used this knowledge to work them out. They found patterns in the cube number sequence and explained how they reached their answers using mathematical language.

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.

What have we been learning in MP3?

★ STAR OF THE WEEK ★

I am star of the week for being an enquirer in science and finding a way to make a parallel circuit with my table team. Also, my commitment to learning English and practising my cursive writing has been outstanding.

"A true thinker and dedicated learner. Well done!" Ms Becky

I am star of the week for being a wonderful risk taker in my learning! I challenged myself to complete new maths learning independently, practising new skills and working out how to solve the problems.

"Well done for having a positive mindset towards new challenges!" Ms Abbey

MUSIC

Year 5 showed great resilience this week when using the Boomwhackers to help them learn the beginnings of music note reading. They had to follow along with the music and try to stay on beat.

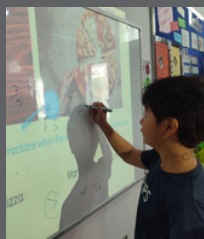

COMING UP...

Tuesday 28th October - Learners go home at 11.05am
Wednesday 29th October - Family Coffee Morning: Maths

MATHS

Year 6 learners have been explaining their understanding when comparing and ordering fractions with different denominators.

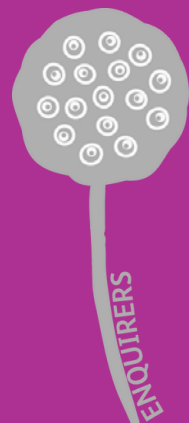

ART

MP3 learners have been using oil pastels to create art in the style of Wayne Theibaud. They have been learning how to properly use and blend the oil pastels successfully to create bright, vivid images.

FAMILY LEARNING DAY

It was wonderful having so many families join us for our Family Learning Day. The learners absolutely loved having you join in and take part in their lessons. It is such a special experience and we hope you enjoyed learning with us!

Our Personal goal for this learning block is Enquirers. We have been learning that using questions helps us build our understanding and how showing curiosity is a great learning tool.
