

LEARNING JOURNEY: BRAINWAVE

Each of our mileposts start the year by learning about learning! MP1 became detectives, looking for learning happening in each of the classrooms!

MATHS

Year 2 took to the garden on Tuesday to take part in a fun line-up cooperative learning structure to help them learn, order and remember the numbers to 20. These hands-on, active lessons help our learners to focus more easily and make better connections between existing and new knowledge.

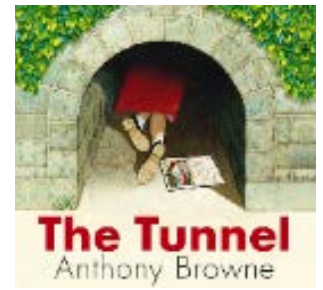

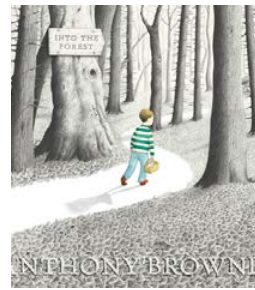

LITERACY- MP2

YEAR 3: INTO THE FOREST

YEAR 4: THE TUNNEL

The Year 3 and 4 learners have been bringing their new texts to life and using illustrations and real life props to generate vocabulary for their writing prompts.

GARDEN WILDLIFE

The learners have loved observing the frogs in the garden this week- they have been so excited to watch and follow the baby frogs hopping around the garden.

LUNCHTIMES

We have been busy re-modelling and developing our shared space so that the learners from Years 1- 4 can enjoy a range of role-play, imaginative play and cooperative construction projects together.

FAMILY INFORMATION EVENT

Thank you for joining us for our social and information evening yesterday. It was lovely to see so many of you and we hope you enjoyed finding out about your child's learning for the year ahead.

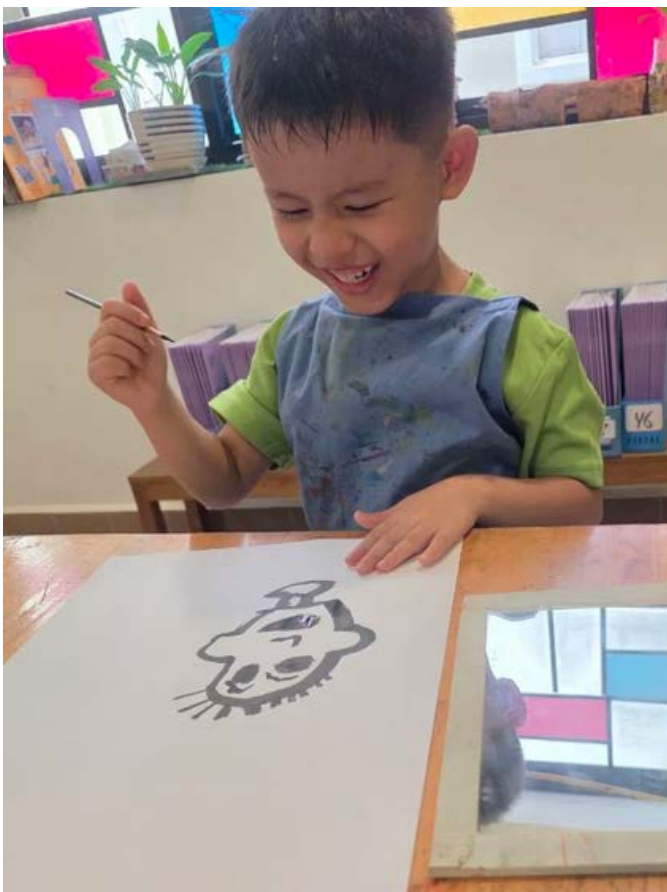

ICAN PLAY

Some of our youngest learners have been settling into the Early Years this week and discovering lots of outdoor investigation opportunities in the garden.

ART- SELF PORTRAITS

Each year the learners capture themselves in their very own self portrait. We keep these in their Record of Achievement books so that we can see the progression in their skills and so they can look back and see how much they have changed over the years.

COMING UP NEXT WEEK...

FAMILY COFFEE MORNING

Wednesday 19th August, 7:45am

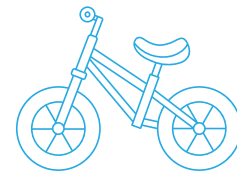

Join us to find out how communication between school and families works at iCAN, the different ways you can stay connected and how we can work together as a community. It's also a lovely opportunity to meet and connect with other iCAN families.

We'd love to see you there!

UPDATES...

ASA SIGN UP ON MONDAY!

On Monday we will send out the sign-up link for all Round 1 After School Activities (ASAs). Please complete this form for each of your children to reserve their space. You can also come into the office and sign-up in person.

OUR STARS THIS WEEK

I have been adaptable and respectful. I have been kind to my friends and learning facilitators.

I have been so principled and resilient in Year 2. I made such an amazing start to the new school year!

I have been resilient in maths and I never give up! I have a positive growth mindset.

I have been a risk-taker by taking on new challenges with my writing. I have a positive attitude towards learning!

I have been an impressive communicator. I listen to others on the carpet and explain my ideas beautifully in writing.

I have been a wonderful cooperative learner. I shared my opinions and helped others in my class.
